Workshop on Embedding Enterprise Education into the curriculum within Creative Spark project

Ms. Razia Isaeva, Development Director of Khazar University, has delivered a speech on the curriculum redesign at Khazar University within Creative Spark project implemented in cooperation with the Middlesex University, the UK, during the workshop organized by the British Council within the Creative Spark: Higher Education Enterprise Programme.

The workshop entitled Embedding Enterprise Education into curriculum took place at ADA University on December 15, 2021.

The half-day event brought together teachers and academicians to obtain relevant knowledge and skills essential for improving the entrepreneurial education ecosystem in Azerbaijan.

The main purpose of the meeting was to promote the learning and teaching of enterprise or entrepreneurship across all subject areas of partner universities and share the best practices on how enterprise education can be integrated into the curriculum without enterprise-related learning outcomes having to replace subject-specific outcomes.

The workshop combined speeches of local and UK partners where everyone shared experiences students, staff and institutions gained within a project.

The event ended with a summary of the final remarks.
