Article by Professor of the Department of Mathematics in "Le Matematiche" journal

Khazar University Mathematics Department professor Bilander Allahverdiyev's first co-authored article entitled "Hahn multiplicative calculus" was published in "Le Matematiche" journal (2022, Vol. 77; No. 2). Note that "Le Matematiche" journal is indexed in Web of Science and Scopus databases.

In this paper, Hahn multiplicative calculus was introduced and as an application of this subject, the classical Sturm-Liouville problem was examined under this structure.

Riyaziyyat departamentinin professorunun məqaləsi "Le Matematiche" jurnalında

Xəzər Universiteti Riyaziyyat departamentinin professoru Biləndər Allahverdiyevin "Hahn multiplicative calculus" ("Hahn multiplikativ hesablama") adlı birinci həmmuəllifi oldugu məqaləsi "Le Matematiche" jurnalında (2022, Cild 77; № 2) çap olunub. Qeyd edək ki, "Le Matematiche" jurnalı Web of Science və Scopus bazalarında indekslənib.

Məqalədə Hahn multiplikativ hesablama təqdim edilir və bu mövzunun tətbiqi olaraq Şturm-Liouville problemi bu struktur altında araşdırılır. (In this paper, Hahn multiplicative calculus was introduced and as an application of this subject, the classical Sturm-Liouville problem was examined under this structure).
